

Amador Resource Conservation District Scholarship

sponsored by

Amador Resource Conservation District

Objective:

To provide a \$1000 - \$1500 grant to a graduating senior from Amador County for the purpose of assisting that student in his/her studies in the area of natural resource management/ conservation, including: forestry, wildlife management, soil science, range management, conservation biology, watershed management, agriculture, animal husbandry or other natural resource field.

Criteria for Award:

1. The applicant must be a student in Amador County.
2. The student shall be in good standing at time of application.
3. The student should have completed first year of study in related field and prove second year enrollment via class schedule prior to receiving award money.

Application Process:

- A. Fill out the attached application form.
- B. Provide a one-page, single spaced personal statement relating to the student's interest in natural resources. The personal statement should address the following areas:
 1. What has inspired you to have an interest in Resource Conservation/Management?
 2. In your opinion, what is the single most important resource management or conservation issue confronting Amador County today? What do you think should be done about it?
 3. After your graduation from college, how do you plan to incorporate your interest in Resource Conservation/Management into your life?

High School Scholarship Committees will please send all application materials to:

Student signature

Parent or Guardian signature

ATTENTION Scholarship Awardees:

The money associated with this scholarship is awarded following completion of one year and proof of continued enrollment in a natural resource related major. You **MUST** send proof of your continued enrollment in a natural resource major during your **second year of study** to obtain award money. No award money will be distributed until these conditions are met. Proof of enrollment should be a copy of your most recent transcripts along with a class schedule for your second year. Please send to:
